HISTORY

LYCEUM OF THE PHILIPPINES UNIVERSITY prides itself with its long and rich tradition of Academic Excellence through the legacy of its founder, Dr. Jose P. Laurel. The only Philippine President to have served in all three branches of the Government, Dr. Laurel was a successful lawyer, legislator, constitutionalist, jurist, writer, scholar, statesman, philosopher, and above all things, an educator.

Dr. Laurel's concern for education was his most abiding passion. A graduate of top educational institutions such as University of the Philippines College of Law, Escuela de Derecho, University of Santo Tomas, and Yale University, his credentials as an educator were unassailable. He wrote extensively on education and managed to teach in several educational institutions in Manila, despite his numerous commitments.

During the Second World War, as the leader of the nation during the darkest period in its history, he introduced educational policies that emphasized and upheld national morale and character. As a senator after the war, he authored the law creating the National Education Board alongside Sen. Claro M. Recto.

The inspiration to establish a University came to him in the early 1920's while a student at Yale. Three decades later, along with some of his close friends, he turned this dream into a reality. With the aim of becoming a center of academic excellence in the Philippines and the Far East, Lyceum of the Philippines University (then still a college) formally opened its doors to the public on July 7, 1952.

With his admiration for knowledge and his appreciation of classical thought, Dr. Laurel named the school Lyceum of the Philippines after Lykeios, the site in ancient Athens where the great philosopher Aristotle nurtured the minds of his protégées. The school's motto, Veritas et Fortitudo, Pro Deo et Patria, reflects Dr. Laurel's belief in the value of learning and character formation for God and country.

Unfortunately, Dr. Laurel unexpectedly died in 1959 while at work.

On his third son, Sotero, who was then in the practice of law, fell the mantle of responsibility of running the school. He was the natural choice as, in years earlier; it was Senator Sotero who helped his father organize Lyceum and acted as the first executive secretary to his father, the school President, before resuming his law practice.

For the next forty–three years, it was this chosen son, Sotero, who nurtured the school and made it grow beyond Manila into the provinces.

In 1966, he founded the Lyceum of the Philippines University–Batangas followed by Lyceum of the Philippines University–Laguna in 2000. Both campuses are now headed by Senator Laurel's fourth son, Peter, who was elected President in 2000.

In 2008, the Cavite Campus was established to bring the total number of LPU campuses to four with a grand total enrollment of approximately 25,000 students, about 10,000 of whom are enrolled in various hospitality courses.

As of Academic Year 2011–2012, LPU Cavite has an enrollment of almost 7,000 students and further taking a major leap forward in enrollment, facilities and quality instruction.

Senator Laurel's eldest son, Atty. Roberto Laurel, heads the Manila and Cavite Campuses as President.

J. ACADEMIC GRIEVANCE PROCEDURE

An academic grievance is a result of a dispute or conflict in the learning process or in the performance of a student in an academic program.

Only queries from the student or the parent/guardian indicated in the SPR and pertaining to the academic performance or status of the student in an academic program will be entertained. In the same way, if there is a dispute or conflict in the learning process or in the academic performance of the student that needs to be clarified, only the parent/guardian who is indicated in the Student's Personal Records (SPR) will accompany him/her.

An academic grievance may be formal or informal. An academic grievance made orally is informal in nature. When the grievance is written and duly signed and sworn in, it then becomes formal. Only formal academic grievances will be given due course.

1. The formal complaint against a faculty member can be filed anytime within the semester but not later than two (2) weeks after the start of the following semester. A complaint must be duly notarized before submission to the Chair of the program/ department.

2. The student–complainant must submit three (3) copies of his/her complaint; these copies are for the department, faculty concerned, and the student.

3. A formal student grievance filed against a faculty member will initially go through a preliminary hearing involving the following:

   3.2. Faculty concerned
   3.3. The Dean/Chairperson of the College/Department where the faculty belongs

4. Upon receipt of the complaint, together with all supporting documents, the College Dean / Department Chairpersons shall require the respondent to answer the complaint in writing within five (5) days from the receipt of the complaint. The decision of the Dean / Chairperson is effective immediately. The student/complainant, however, has five (5) days to appeal the decision of the Chairperson; otherwise, he/she has waived his/her right to appeal.

5. The office of the Vice President for Academic Affairs (VPAA) is the venue particular to an appeal regarding an academic grievance. The VPAA convenes the College Academic Grievance Committee for the purpose. The Committee is composed of the following:
   5.1. the Dean of College where the faculty belongs
   5.2. A member of the College, preferably from the same department where the faculty concerned belongs
   5.3. President of LYCESGO or his/her authorized representative

6. The Committee shall conduct at least one (1) hearing before deciding a case. The Committee can call for witnesses, request for documents, and invite resource persons to aid them in the disposition of the case.

7. The decision of the Committee is the decision of the College. However, the student–complainant can appeal the decision of the College at the Vice President for Administration level within five (5) days from its promulgation. The VPAA/VPA either concurs with the decision of the College or forwards the case to the College Academic Grievance Committee on the strength of new evidence or possible misinterpretation of any rule or regulation. The decision of the VPAA/VPA is final.
